

In keeping with our mission of making educational theatre experiences accessible to everyone in our community, we are taking a tiered approach to our youth theatre production (camp) pricing. Our tiered pricing is meant to represent the actual costs associated with camp, while allowing families to choose the level of payment most appropriate for their financial circumstances.

Regardless of the tier chosen, every child will receive the same camp opportunity and experience.

FINANCIAL AID	<p>There are a limited number of need-based, partial and full camp scholarships available through the generosity of our sponsors. Applications for financial aid can be found here, toward the bottom of the page: https://servantstage.org/camps</p>
	<p>Tier 1 - \$200 Select this option if you need a partially-subsidized tuition. This is less than the direct cost of camp, but in keeping with Servant Stage's mission of making educational theatre experiences available to everyone, we offer this option without asking any questions. The generous donations of our community and sponsors can be used to make up the difference in cost.</p>
	<p>Tier 2 - \$250 Select this option to pay the direct cost of camp, including camp staff, sets, costumes, venue rentals, and more.</p>
	<p>Tier 3 - \$300 Select this option if you can afford the true cost of camp, including Servant Stage staff, insurance, office and administrative expenses, etc.</p>
